The New York State Department
of Environmental Conservation and
the New York Water Environment
Association present:

Troubleshooting O&M Problems at Activated Sludge WWTPs

This seminar provides 24 contact hours for wastewater treatment plant operator renewal - RTC 11777-10. The cost is \$495 for NYWEA members and \$575 for nonmembers. All course fees include lodging, meals and course materials.

Dates and Location:

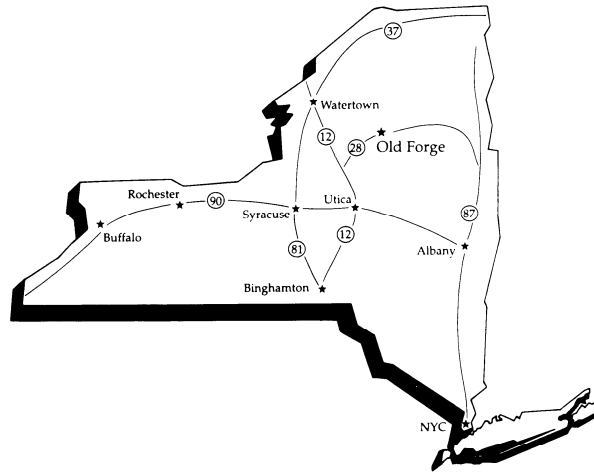

**March 21 - 25, 2010
Water's Edge Inn
Old Forge, NY 13420
(315) 369-2484**

Participants are expected to check in Sunday, March 21st. The program starts at 8:00 a.m. Monday, March 22nd and concludes on Thursday afternoon, March 25th.

Seminar Content:

Specific topics include:

- Elements & Process of Troubleshooting
- Comprehensive Performance Evaluation (CPE)
- Composite Correction Program (CCP)
- Major Unit Process Evaluation (MUPE)
- Activated Sludge Process Control Strategies, Testing & Return Sludge Flow Control
- Secondary Clarifier Evaluation & Optimization
- Biological Nitrogen and Chemical Phosphorus Removal
- Field Exercise at Old Forge WWTP
- Filamentous Bulking ID and Control
- Management Behavior

Water's Edge is centrally located just north of the NYS Thruway (I-90 Exit 31) at Utica or just west of the Northway (I-87 Exit 23) at Warrensburg.

Registration Information: Registration will be limited. *Wastewater Treatment Plant Operators will receive preference if the course is over booked.* Please complete and return the application slip with your payment to NYWEA by February 22, 2010.

Fee: Due to the format of this workshop, with group problem solving and evening sessions, everyone is required to stay at the Water's Edge Inn. The fee is \$495.00 per person (tax exempt) for NYWEA members and \$575.00 (tax exempt) for nonmembers. The registration fee covers meals, lodging and course materials.

Cancellations will be accepted up until March 8, 2010. In case of cancellation after March 8th, registrants are responsible for registration fees (substitutions will be accepted).

Your confirmation and additional material will be mailed to you before the course.

For additional information call: Bob Wither at (518) 402-8097 or e-mail rewither@gw.dec.state.ny.us
