

NYWEA

2023 STUDENT DESIGN COMPETITION

Facilitated by the Young Professionals Committee

ALL NYWEA STUDENT CHAPTERS ARE WELCOME TO LEARN MORE AND PARTICIPATE!

What is the SDC?

The SDC provides students with **real world design experience**. Competing teams design and present a project solution in the subject fields of Drinking Water/Environment or Wastewater. Winning teams from each category will have the opportunity to participate in the national WEF SDC.

What's Next?

We are hosting an "Open House" via Zoom and welcome Students, Faculty Advisors, and Interested Judges to learn more at the beginning of March. Updated SDC Guidelines & Team Entry Form available early 2023.

Prize

Winning teams receive cash prizes to defray travel expenses.

I'm Interested!

Student teams to submit a Team Entry Form.

Mid March

We are Committed!

NYWEA to notify WEF of interested Student Chapter(s) for categories.

Early April

Submit Report

Student Chapters to submit SDC Report.

Mid April

Competition

Virtual presentation. Each Chapter will have an assigned 30-minute time slot.

End of April

Selection

NYWEA will announce representing team(s). Teams to submit abstracts for WEF SDC.

Mid May

Questions? Contact the SDC Subcommittee Co-Chairs!
