

## **New York Water Environment Association Capital District Chapter**

November 15, 2021

Dear Capital District Chapter Supporter:

The Capital District Chapter of NYWEA has been sponsoring some great events in 2021: we were able to provide an in-person training session for our 2021 Fall Training, followed by our annual picnic, and we recently organized a tour of the Schenectady WRRF. We are currently planning more events for the remainder of 2021 into 2022, including a volunteering activity with a food pantry in the Capital District and continuing our local Scholarship Program that was restarted in 2020. To continue to provide value for technical trainings, social networking and fun activities, we are looking for company support.

We have consolidated our request into one sponsorship letter for our Capital District Chapter events, YP Events, and to support our Student Chapters. Although we list a recommended amount, all contributions are accepted. A detailed description of each type of donation is listed on the following page.

We appreciate your support in the past and hope you will continue to support our chapter. Please note that we need to shift the sponsorship duration to align with the state fiscal year which runs from 9/1 to 8/31 of each year. Therefore, we have lowered the prices for 2022 sponsorships to account for this shift, pro-rated over the first eight months of 2022. We will be requesting company support again later in the year for the sponsorship to start on 9/1/2022 for the 2022-2023 fiscal year. Please respond by December 15, 2021 by filling out the form located on the last page.

Thank you,

The Capital District Chapter of NYWEA

## Capital Chapter Events

The Capital District Chapter hosts a number of networking and training events each year, such as our **Summer Social**, **Annual Meet & Greet**, manufacturing and operational facility tours, and **certified continuing education events** for water/wastewater operators and engineers. We support promising students who share our passion for clean water with **scholarships**. Our 2021 **Fall Training Event and Picnic** attracted more than 80 local water & wastewater professionals with PDHs & credit hours and live equipment demonstrations!

## Young Professional Events

The YP Committee continues to grow in size and participation. In 2021 the YPs hosted multiple events including the **Annual Canal Cleanup** during April where a group cleaned a portion of the Mohawk-Hudson Bike Trail. The Capital District Chapter YPs hosted a **Summer Social** at Frog Alley Brewery and a **Poo & Brew** tour of the Schenectady WRRF. Every November the YP Committee hosts a **Charity Event** to benefit the Capital District, and this year the YPs are planning a volunteer event for the **Concerned for the Hungry Drive**. Next year, the YPs will be planning a social networking event at the **Spring Meeting** in Saratoga Springs.

## Student Chapters

Our Student Chapter at **Clarkson University** is trying to get reinvigorated after the 2020 pandemic. Additionally, **RPI** and **UAlbany** are working towards establishing NYWEA Student Chapters. Sponsorship provided will help to fund student chapter events throughout the year. The Capital District Chapter sponsorship also supports a group of students to attend the **NYWEA Annual Meeting** in New York City and the Annual **WEFTEC** Event. Support from the Capital District Chapter helps to cover travel and accommodation costs for the students. Today's students are the future of our profession!

## 2021-2022 FY NYWEA Capital District Chapter Sponsorship Form

<b>Company Name</b>		<b>Contact Name</b>			
<b>Contact Email</b>		<b>Contact Phone</b>
